Project Management Professional® Certification

Success!!!

With 8 years experience teaching Project Management and helping students from all disciplines of Project Management, KTS has helped 100's of current PMP® professionals with their training.

Value!!!

Students should feel like they receive significantly more than what they have paid for.

KTS provides books from top authors, to help in the PMP® Prep Process. Feedback indicates this system assures the serious student has the tools needed to pass the test.

In today's competitive environment, having Professional Project Managers is a key to success.

Recent studies show that less than 70% of all projects are successfully completed.

Of those completed, the average costs of completing the projects are 188% of the original budget and 220% of original schedule.

Studies show using trained PMP® professionals can make a significant difference.

With our experience and success in training, we can bring your skills level up to meet today's demands.

Bob Kois, PMP, MBA, is a Professor at the University of Colorado and the founder of KTS. A world-known speaker on project management and leadership principles he teaches and consults with business and government audiences.
